August 10, 2016

To whom it may concern,

It is my pleasure to write this letter of professional recommendation on behalf of Mary Kwiatkowski in her pursuit for employment. As the founder of the non-profit organization, Goodgirls Write Code, I was excited to have Mary join us during the summer of 2016. She has been an invaluable asset to Goodgirls Write Code ever since she started her internship often handling a multitude of duties in a professional manner with minimal supervision.

Mary worked for Goodgirls Write Code in different capacities including: creating and editing technical documentation, developing Goodgirls Write Code computer science modules and as a teacher for one of our programming summer camps offered to girls in grades 4-12. She has done a great job of managing her time to produce quality work to be used in classrooms nationwide.

Mary came to our organization far better prepared than her peers with both academic and professional experience. In addition to her exceptional academic portfolio, Mary also has excellent interpersonal and communication skills. She conducts herself professionally, respects confidentiality, and is able to connect with people of all ages. With such excellent credentials, she would be a valuable asset to any employer and has my unreserved recommendation.

Sasha Oppleman

Founder & CEO
